**The E Card** is an information card to provide clear details quickly to emergency services, such as next of kin or contact person, medical information or if certain support measures are required, for example communication aid, British Sign Language etc. See reverse for more information.

Greater Manchester Police would like to acknowledge their thanks to Lancashire Constabulary, Lancashire County Council and Lancashire Partnership Against Crime for supplying the artwork for their E Card which has been introduced across the Lancashire area.

**The E Card** is a credit card size card which comes with a self-seal laminating pouch (this will help protect the card from being damaged). All the information should be written in CAPITALS so that it will be easier to read. All the information can be written by the individual person, a family member, support worker or personal assistants etc.

**The E Card** can have important information on it such as:

- The person's name and a space for a passport size photo which is optional, which can be a double reassurance that the card belongs to the carrier.
- Details of the next of kin/contact person, relationship to them and a contact number for that person.
- Medical information (eg. I have a learning disability, I have an acquired brain injury or I have diabetes etc).
- Useful information (what a person might need to help them in an emergency or if they are unable to tell you what they might need such as medication or communication aids).

**The E Card MUST** be carried somewhere it will be **INSTANTLY SEEN** such as the front of a wallet/purse.
